Green Bay Blizzard Charitable Donation Policy

As a professional sports organization, the Green Bay Blizzard understands the importance of community support. We strive to be active in our community involvement and to support the communities that support us.

As such, we are dedicated to giving back to the communities where our fans live, work and serve. We support the efforts of groups that work with the disadvantaged, youth development, youth sports programs, and non-profit organizations. Consideration is given to organizations that are in the fields of education, health care, human services, and religion.

Eligibility for Charitable Donations

All requests for charitable donations are for the sole purpose of raising funds for 501 (c) 3 charitable organizations in Northeast Wisconsin.

The Blizzard will donate to eligible organizations a voucher for two (2) tickets to a regular season home game. The voucher can be used as a raffle prize, auction item, volunteer incentive, or any other way that might benefit the receiving organization.

The Blizzard is unable to donate autographed memorabilia to be used as prizes or volunteer incentives

Application Process

All requests should be submitted in writing on organization letterhead, and should be received by the Blizzard five (5) weeks prior to the date of your event.

All requests should be mailed or faxed to:

Green Bay Blizzard
Charitable Donation Request
1901 S. Oneida Street
Green Bay, WI 54304
Fax: (920) 405-1221

Each letter should include the following information:

- Contact name, address, phone number, and e-mail address
- Name of requesting organization
- Nature of the event and date
- Who will benefit from the proceeds
- How your donation will be used (raffle prize, auction item, etc.)

Processing Your Request

The Blizzard will make every effort to process your request at least two (2) weeks prior to the date of your event. Due to the high volume of requests we receive, we would ask that NO telephone inquiries be made regarding the status of your request. We also ask that organizations limit their requests to one (1) per year in order to help the greatest number of individuals.

The Blizzard will consider all requests. We thank you for your understanding and your continued support.
